

Brown and Caldwell Scholarship Program

Scholarship Program Overview

Brown and Caldwell Scholarship Program is designed to increase students' interest in the engineering and environmental professions and to support them in defining career goals while attending the University of Guam (UOG). The program will award a \$1,000 scholarship each to five (5) selected students.

Eligibility

Candidates for the Brown and Caldwell Scholarship Program must:

- ✓ Be a United States citizen, permanent resident, or citizens of the Republic of Palau, Federated States of Micronesia, or Republic of the Marshall Islands.
- ✓ Be a full-time student enrolled in the University of Guam and will also be enrolled for the following school year.
- ✓ Have a declared major in engineering for undergraduate study (to include the pre-engineering program) or pursue a graduate degree in environmental science.
- ✓ Have a cumulative GPA of 3.0 or higher on a 4.0 scale (or equivalent on a 5.0 scale).

Application Process

Candidates must submit:

- ✓ A completed application form.
- ✓ An essay of 250 words or less on "My future career goals in (engineering or environmental science)."
- ✓ Two written recommendations, with at least one from a UOG official (e.g., advisor, professor, etc.).
- ✓ Academic advisor's name, phone number, and e-mail address.
- ✓ An official transcript mailed directly from school to Brown and Caldwell office.

The Company

Brown and Caldwell is one of the largest employee-owned environmental companies in the United States. Since 1947, Brown and Caldwell has been designing and executing solutions for public agencies, government, and private industry. Guided by a philosophy that demands simplicity, economy, and innovation, the company delivers strategic solutions that are highly effective and respond to the operational and financial needs of its clients. Backed by a dynamic information infrastructure, Brown and Caldwell has more than 1,400 engineers, technicians, and operations/support experts in 45+ offices nationwide, collaborating to develop innovative approaches to traditional work methods.
