**AN ACT TO *ADD* A NEW CHAPTER 28 TO DIVISION 2
OF TITLE 17, GUAM CODE ANNOTATED, RELATIVE
TO THE ESTABLISHMENT OF THE RESEARCH
CORPORATION, UNIVERSITY OF GUAM (RCUOG).**

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. Legislative Findings and Intent. *I Liheslaturan Guåhan* finds that the University of Guam has the capacity to grow and expand its economic, social and environmental benefits to the people of Guam and the region, while fulfilling its mission as the premier institution of higher education in the region, by engaging more in research and educational programs funded by private and federal

1 sponsors, to include business development through commercialization of research
2 and public-private partnerships. These private contracts and federal grants
3 complement the government of Guam's appropriations to the University by adding
4 new revenues that assist in sustaining the University and enabling it to grow.

5 *I Liheslaturan Guåhan* further finds that in 2011, University of Guam
6 revenues from grants and contracts amounted to \$49 million, a growth of \$11
7 million (or 29%) over the prior year. Since 2004, the University has more than
8 doubled the value of federal grants and contracts. This rate of increase has led to
9 challenges in managing such remarkable growth and puts at risk the University's
10 ability to seek and achieve further grant and contract growth.

11 *I Liheslaturan Guåhan* further finds that states and jurisdictions have
12 implemented over 200 research corporations at or affiliated with universities that
13 have led to dramatic growth in grant and contract awards through infrastructure,
14 regulations and systems that are tailored to the research environment. These states
15 have crafted legislation that provides best practice; the flexibility required for
16 grants management while remaining compliant with rules and regulations, such as
17 federal OMB Circulars A-21 and A-133; and the agility needed to grow grants and
18 contracts to the benefit of their jurisdictions and constituents.

19 Therefore, it is the intent of *I Liheslaturan Guåhan* to create a new entity, to
20 be called the Research Corporation of the University of Guam (RCUOG).

21 **Section 2.** A new Chapter 28 is hereby *added* to Division 3 of Title 17,
22 Guam Code Annotated, to read as follows:
