Academic Year 2015-2016

## Fact Book

## A Message from the President

I am pleased to announce the 2015-2016 edition of the University of Guam (UOG) Fact Book. The Fact Book is designed as a convenient and authoritative reference guide and as a historical record of our growing University. The book includes data and information on our faculty, students, administration, physical resources and revenue sources.

Over the past academic year, there have been many notable accomplishments by UOG, to include: 571 degrees were conferred, the highest in twelve (12) years; continued growth in enrollment (3991) and credit hour production (46971), the highest in over fifteen (15) years; a six (6) million dollar grant was received from the National Science Foundation (NSF) Experimental Program to Stimulate Competitive Research (EPSCoR); the Good to Great initiative continued to be implemented helping UOG in realizing its potential; and, by the end of the academic year, UOG received an eight (8) year reaffirmation of its WASC accreditation.

Since our beginning in 1952 as a teacher training junior college in Mongmong, the University of Guam has grown into the largest U.S. accredited institution of higher learning on this side of the international dateline. Today, the University offers 30 undergraduate degrees and 11 graduate programs and has graduated over 16,600 students who are now engaged, dynamic professionals in Guam, our neighboring island communities and across the world.

We hope that the information presented here will highlight the many facets that comprise the University of Guam and will help you gain a greater understanding of the nature of the University.

A Message from the Senior Vice President  
Academic and Student Affairs

Hafa Adai! I am pleased to present the ninth edition of the University of Guam Fact Book. This edition reports on statistics for the 2015-2016 Academic Year and continues to be a reference for facts and figures on the University's activities from enrollment to student success (retention and degree completion); from faculty demographics to instructional resources.

The Fact Book is a team effort, compiled by the Office of Academic Assessment and Institutional Research in collaboration with the Office of Academic Affairs and Student Services, the Office of Enrollment Management and Student Success, the Office of Admissions and Records, the Financial Aid Office, the Learning Resources Center, the Comptroller's Office, the Human Resources Office, the Integrated Marketing Communications Office, and the Office of Information Technology. Thank you to all of the staff who contributed towards producing these statistics.

Big data contributes to our understanding of the comprehensive health of our institution, as we progress through our Good to Great Initiatives. As this Fact Book demonstrates, the University continues its growth in enrollment, student success-related retention, and graduation rates, and demonstrates sound financial management as it garners grants and contracts revenue.

Biba UOG!

## FY2015 Revenues & Appropriations

Revenues totaled \$90 million for FY15. University -generated revenues are now 62% of consolidated revenues, excluding investments and retiree health care, while GovGuam appropriations account for 38%.

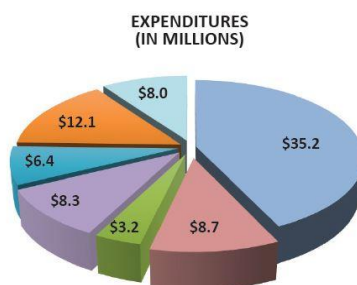

### Financial Trends

- The University of Guam implemented GASB 68 and 71 leading to the restatement of 2014's financial statements to help in comparability.
- Of the past 13 years, 12 have been in financial surplus averaging around \$3 million (about 3.6%) of revenues.
- Grants and contracts decreased to \$35.5 million, a \$1.2 million decrease from FY 2014 as a result of federal grants expiring.
- Expenses have been held in check despite increased enrollment; grant spending; facility maintenance; merit-based salary increments; and utilities.
