

2015 – 2016 VERIFICATION POLICY

What is verification?

Verification is the process by which certain required information on the FAFSA is reviewed for accuracy and completeness.

How is a file selected for Verification?

Students are selected for verification for one of the following reasons:

- The Central Processing System found inconsistencies and/or potential errors in the student's FAFSA;
- Random selection;
- School selection

What documents are required at UOG?

You will need to provide the materials listed below to the University of Guam Financial Aid Office. After the financial aid advisor reviews the FAFSA record, verification worksheet and tax information, further documentation may be requested.

A. VERIFICATION WORKSHEET

This worksheet is provided by the Financial Aid Office and needs to be completed and signed by you and at least one parent, if you are a dependent student for financial aid purposes. Based on your answers to questions on the worksheet, you may need to provide additional documentation. Read verification worksheet carefully to ensure that you provide all the necessary information to determine your financial aid eligibility.

B. 2014 FEDERAL TAX INFORMATION

Tax filers who filed their federal income tax on Guam and CNMI do not have access to the IRS Data Retrieval tool, therefore you may request for your tax return transcripts from the Department of Revenue and Taxation. For Guam tax filers, a copy of the tax return transcript request form is attached to this Verification Worksheet. You must attach copy of the tax transcript when submitting the Verification Worksheet

Foreign Tax Return Filers. Foreign tax return filers should submit a transcript of their return from the government through which the original tax return was filed. All figures must be converted to U.S. dollars using the exchange rate in effect as of the day the FAFSA was completed.

The Financial Aid Office has the option to require any additional verification materials needed to verify information provided on the 2015-2016 Free Application for Federal Student Aid (FAFSA).

The Financial Aid Office cannot process your financial aid package until verification has been completed, so it is imperative that you provide the required documents as soon as possible.

SPECIAL CIRCUMSTANCES

A. JOINT TAX RETURN FOR SEPARATED, DIVORCED OR WIDOWED INDIVIDUALS

If a filer completed a joint tax return but is now single because of a divorce, separation, or death of spouse, the W-2 forms for all income showing on the tax return transcript are required. A tax return transcript is required; the IRS Data Retrieval Tool will be insufficient in this situation.

B. NON-FILERS

If a spouse or student states that they did not and will not file a tax return, but if it appears from the income the a tax return should have been filed, this is considered conflicting information. A NON FILERS Statement form must be completed. Additional documentation may be requested from Department of Revenue and Taxation to confirm that the individual did not file and was not required to file.

C. FILING EXTENSION

If you have unusual circumstances that prevent you from filing your federal tax return by the April 15th deadline and you have been granted a filing extension from the IRS, alternative tax documentation may be accepted. Along with the verification worksheet, you must submit:

- a. A copy of the IRS Form 4868 (Application for Automatic Extension of Time to file Federal Income Tax Return – automatic 6 months extension) or a copy of the IRS approval of an extension beyond the six month extension
- b. Copies of all W-2 forms

D. OTHER VERIFICATION ITEMS

The FAFSA processor may select your FAFSA for additional verification items beyond those described in this document (e.g. high school completion status, identity verification). If necessary, the Financial Aid Office will request documentation from you for those items. The deadlines for all verification items described in this document are the same.

COMPLETING THE VERIFICATION PROCESS

A. VERIFICATION DEADLINES

If you are selected for verification, all required documentation must be completed before any federal aid is offered or disbursed or before a Federal Direct Loan will be originated. If you do not provide the required verification materials, your financial aid file will remain in an incomplete status and you will not receive financial aid. Some financial aid types have limited funding. If the funding is exhausted prior to completion of your verification, you will not receive those aid types.

The verification process must be completed before the last day of the semester to be eligible to receive the Federal Pell Grant. The financial aid office must originate all Direct Loans by the last date of enrollment and they do not originate loans until the verification process is complete.

B. CORRECTING FAFSA INFORMATION

If corrections are required based on verification changes, the UOG Financial Aid Office will make the corrections by electronic communication to the federal aid processor. When the federal processor has made the corrections, the Financial Aid Office will receive an Institutional Student Information Record (ISIR). The federal processor will notify you of these corrections.

C. NOTIFICATION OF AWARD CHANGE

If the verification process results in a change of a financial aid package previously offered or disbursed, you will be notified of the change via email once the verification is completed.
