Over the next few years, Guam expects a significant surge in military construction activities due to the pending relocation of Marines from Okinawa. Because bonding and insurance is a requirement for all federal contracts, now is the time to plan your bonding and insurance needs. This workshop will cover general bonding and insurance requirements, common issues/challenges encountered in the bonding/insurance application process, general timeframes for processing bonding/insurance requests, what contractors can do to expedite the application process, etc.

FREE OF CHARGE.
