**RESOLUTION NO. 08 - 37** 

### RELATIVE TO APPROVING THE UNIVERSITY OF GUAM FY09 REAPPORTIONED GENERAL OPERATIONS BUDGET FURTHER TO THE APPROPRIATIONS OF PUBLIC LAW 29-113

WHEREAS, the University of Guam is the primary U.S. Land Grant institution accredited by the Western Association of Schools and Colleges (WASC) serving the post-secondary needs of the people of Guam and the region; and

WHEREAS, the Board of Regents is responsible for approving and adopting budgets and plans that together are primary controls to ensure the effectiveness and financial well-being of the University; and

WHEREAS, the University has agreed upon the goals articulated in its strategic plan and focused its revenues and spending upon the highest priorities within its mission; and

WHEREAS, the University's General Operations Budget is the primary source of government and University-generated funding for personnel, operational expenditures and capital outlays in performance of the University mission; and

WHEREAS, the Board passed Resolution No. 08-10 on February 21, 2008, approving a FY09 General Operations Budget of \$47.5 million with a request for appropriations of \$34.2 million (excluding the Yamashita Educators Corp Program, YEC), that consisted of a \$28.3 million base budget and \$4.9 million of growth initiatives, which was submitted to the Guam Legislature; and

WHEREAS, FY09 budget law P.L. 29-113 appropriated \$27.1 million to University general operations, which is a \$1 million (3.5%) decrease compared to the FY08 appropriation, \$7.1 million (21%) reduction from the FY09 appropriations request for a base budget and growth initiatives, and a \$2.1 million (7.3%) decrease from the base budget appropriations request; and

WHEREAS, University policy requires that after a budget bill becomes law, if the appropriated sum is less than requested, the President shall submit a proposal to the Board on the reapportionment of the University's allocation; and

WHEREAS, the University has agreed upon the goals articulated in its strategic plan, focused its revenues and spending upon the highest priorities within its missions, and demonstrated commitment to a balanced budget, financial stability and long-term viability to deliver its mission and sustain educational effectiveness; and

WHEREAS, in reapportioning its budget, the University has reordered priorities, restructured its operations, generated new revenue, saved costs, and addressed administrative policies and processes that sustain educational effectiveness and balance its budget in an environment of scarce resources; and

WHEREAS, the University administration received recommendations on areas of resource needs from the University Planning and Budget Advisory Committee (UPBAC) with representation from the Faculty Senate, Deans Council, Administrative Council, Faculty Union, Staff Council, and Student Government Association); and

**WHEREAS**, the President and the Budget, Finance, Investment and Audit Committee have reviewed and recommend that the Board approve the reapportioned FY09 General Operations Budget of \$41.2 million attached hereto.

**NOW, THEREFORE BE IT RESOLVED**, that the reapportioned FY09 General Operations Budget of \$41.2 million attached hereto is hereby approved and will be administered with an effective date of October 1, 2008.

Adopted this 20th of November, 2008.
